Frequently Asked Questions

WHAT PRIVILEGES DOES THE CERTIFICATE PROVIDE? (Reference Minnesota Statute 169.345)

A vehicle that prominently displays the parking certificate may be parked by or *solely for the benefit of a physically disabled person*: in a designated disability parking space; in a non-restricted metered parking space without obligation to pay the meter fee, and without regard to time limitation unless otherwise posted; or in a non-metered time limited passenger vehicle space unless otherwise posted.

M.S. 169.345 does not permit parking: in designated no parking spaces; in parking spaces reserved for specified purpose; where there is a local ordinance which prohibits parking on any street or highway for the purpose of creating a Fire lane; or to provide for the accommodation of heavy traffic during morning or afternoon rush hours. For privileges in other jurisdictions, please contact the appropriate jurisdiction.

WHO IS ELIGIBLE FOR THE DISABILITY PARKING CERTIFICATE?

Any Minnesota resident who meets one or more of the definitions of a "physically disabled person" listed on the front of this application.

The parking certificate is provided to assist persons with a physical disability and provide better access to public places and facilities.

Only one parking certificate is issued per disabled individual if you also display license plates. You may qualify for two (2) certificates if you do not have disability license plates. Parking certificates are valid until the last day of the month indicated on the certificate.

I'M NOT A MINNESOTA RESIDENT, HOW DO I GET A PARKING CERTIFICATE?

Residents of other states that are visiting or temporarily residing in Minnesota may use the parking certificate provided by their home state or apply for a Temporary Certificate (6 months maximum). Residents of other states must make an application for Permanent Certificates in their home states.

HOW DO I USE THE DISABILITY PARKING CERTIFICATE?

The parking certificate is issued to the disabled person, not the vehicle. Therefore, it may be displayed when parking any vehicle you are driving or the passenger.

The parking certificate is to be displayed on the rear view mirror only when parked. Driving with the parking certificate hanging from the mirror is illegal and very dangerous. If your disability makes it impractical to hang the parking certificate from the rear view mirror, it may be placed on the dashboard when parked.

I HAVE HEARD THAT SOME PEOPLE WHO HAVE APPLIED FOR THE PARKING CERTIFICATE HAVE BEEN REQUIRED TO RETEST FOR THEIR DRIVER LICENSE. IS THAT TRUE?

YES. If a person with a driver's license applies for a disability parking certificate, the Department of Public Safety may check the driver's license record. If the department has no record of the disability, certification must be made that the disability will not interfere with his/her driving ability. The department may ask the applicant for an interview to determine if any retesting is necessary. The Department of Public Safety has an obligation to ensure that licensed drivers are qualified to operate a motor vehicle.

WHAT IF I MISPLACE/LOSE MY CERTIFICATE?

To obtain a replacement certificate you need to only complete Section A of this application (fee may be due).

When you report a lost parking certificate, you may be required to identify measures you have taken in order to prevent future losses.

When you report a stolen parking certificate, you may be asked to provide a copy of the police report regarding the theft.

APPLICATION FOR COMMERCIAL DISABILITY PARKING CERTIFICATE

Applications (new and renewal) for commercial disability parking certificates must be made in a written request format explaining the proposed certificate usage in conjunction with the transportation of disabled individuals, as well as internal controls (i.e., ensuring proper accountability) of the certificates.

1. To apply for an organization parking certificate, an agency must submit a written statement on letterhead stationary. Typically, these applications are made by public or private social service agencies, care centers and nursing homes that have a frequent business need to transport numerous disabled clients. Certificates cannot be issued to taxi or limousine services, as their disabled patrons should have their own personal parking certificates. **Also, an agency must certify that the commercial certificate will be used solely for the benefit of a physically disabled person so defined in Minnesota Statute 169.345.**
2. The statement must explain to the department's satisfaction how the agency meets the following criteria:
 - a) Identify vehicles that certificates will be used in when practical
 - b) State the organizations internal controls for managing/accounting for the certificates
 - c) State that the organization will immediately notify DVS in the case of lost or stolen certificates
 - d) State that the organization will contact DVS immediately of any abuse or suspected abuse of certificates issued to the organization;
 - e) State that the organization is aware that failure to abide by the above listed requirements may well result in the revocation of all certificates issued
3. There is a fee of \$5 per commercial disability parking certificate requested. Organization parking certificates are issued for three-year periods.
4. The organization's Federal Employer Identification Number (FEIN) must be provided for processing

When renewing a certificate(s), please include the 6-digit number on your current certificate and FEIN

Organization certificates cannot be issued until all information is furnished and all fees have been paid.
